Finger puppets instructions - NSW & ACT emblems

- Fabric and felt pieces are provided, most with pattern pieces marked out.
- You will need; sharp scissors, cotton to match closely to pattern pieces (plus blue & black), needles, pins, fabric glue & patience
- When cutting out fabric and felt pieces, cut on the line with really sharp scissors. (did I mention the scissors need to be sharp?)
- Follow instructions with pictures provided. Feel free to glue instead of stitch in some places.
- Platypus nostrils - use a hole punch and punch 2 grey felt circles - glue these on.
- I've designed and made these patterns myself, so please be understanding if I've left some instructions out.
