

Evelyn – Ashburton Supernova Guides

Evelyn is the most incredible friend and leader at Ashburton Supernova Guides. We are so proud of her achievements and congratulate her on completing her Queen's Guide Award.

We loved sharing in her challenges, hearing all about the wonderful things she had accomplished and enjoying the activities that she organised.

Evelyn's production of *Seussical Jr*, in which she played the funkiest zebra we have ever seen, was such fun and clearly needed a huge amount of time, talent and effort.

Her service as water carrier for the Ashy Redbacks Colts meant she had to be out on the football field come rain, hail or shine. That's a big effort in the middle of winter, week in week out.

We loved helping Evelyn out at her India night for the Ashburton Southern Cross & Milky Way Guides. The Bollywood dancing was very funny and much harder than it first looked.

Evelyn's "Game of Guiding" had so many facts and funny activities whilst teaching us all about our Guiding Traditions that we were disappointed when it was time to finish playing.

It was clear that the highlight of Evelyn's Queen's Guide Award was her trip to Kopanang in Tsakane, South Africa. Evelyn was inspired by the amazing women she met there, and particularly her Momma Patience. She ran the "Kottons for Kopanang" drive, where she collected over \$600 worth of embroidery cottons that the women will use to create their beautiful embroideries and support their families. We know that a small part of Evelyn's heart will always be in Kopanang.

Evelyn is a great leader and role model for all of the Guides in Ashburton. She is always cheerful and generous with her time and energy. Evelyn, you are truly an inspiration to us and a beautiful friend. We congratulate you on achieving your Queen's Guide Award and couldn't think of anyone more deserving.
