

Kate – North Metro Monkey Rangers

Kate was not one to do things in half measures, which is why she was ultimately successful in achieving her Queen's Guide Award.

She completed over 300 hours of community service with St John's Ambulance, showing great commitment to both training and service at a wide range of events.

Kate organised and ran the "Rhymes and Riddles" Camp for her Outdoors challenge. We had so much fun, with creative games and awesome campfire pizza.

We were so impressed by Kate's talents with the watercolour art that she used as symbols of equality and unity for Guiding history and traditions.

It was so much fun to share the activities about England, particularly whipping cream with a fork to make scones.

Kate displayed wonderful creativity and remarkable perseverance to complete her Arts Focus, creating a website and extending her skills in photography.

We cannot think of a more deserving recipient for the Queen's Guide Award. We are so proud of you Kate and congratulate you on your amazing achievement.

BRAVO Kate!
