

# GIRL GUIDES, IN YOUR POCKET!

## Which Badge/Challenges?

### Explore a challenge: The Arts

- Make a Musical instrument and create a tune.

You can make a Rain Shaker above, or for the older girls, find ideas and make a more difficult instrument (e.g. Pan Flute). Record the music you make, try and use the beat for Taps and we will put it together to create an audio version of Taps. Share your photos or short videos of what you create and we will include some in the upcoming week. This will be one of the four challenges you need to get this badge.

Or

### Create a Challenge: Art

Do the same challenge above, but there is only one challenge required for this badge.
