

GIRL GUIDES, IN YOUR POCKET!

Service

Instructions for activities:

Help your neighbours and stay connected to your community by dropping off flowers from your garden or a card that you've made to a neighbour. This could make somebody's day, especially if they're older. Be mindful of distancing though and leave any offerings on the doorstep with a note.

What are some ways that you can show people that you appreciate them and that you're grateful for what they do? One great way is to help around the house. You could wash the car, hang out the washing, water the garden, set the table, wash the dishes, cook the dinner, help with younger siblings – maybe ask Mum or Dad for some ideas!
