

GIRL GUIDES, IN YOUR POCKET!

A badge you can link this activity to:

Achieve a Challenge: Life Skills Cooking

This week we showed how you could cook an omelette without a frying pan.

You might like to use this as a challenge for your Achieve a Challenge: Life Skills Cooking. Now might be a great time to learn some new cooking skills or develop the skills you already have.

Create a Challenge: Pets

In this week's Life Skills segment, Lily showed you all the different ways she uses her time wisely to look after her animals.

To complete your Pets badge, identify all the different ways you look after your pets/animals, and share this with your Guiding friends at your next Virtual Meeting. If your Guiding friends are also doing this challenge, then you could discuss the different requirements for looking after your different pets/animals.

If you don't have a pet or you want to challenge yourself further, create a presentation (poster, video, etc.) that shares a plan for how you would look after your dream pet. This could be a realistic pet like a dog or a duck, or unrealistic like an elephant or unicorn.
