

GIRL GUIDES, IN YOUR POCKET!

Helping others in our community

Think about what you have in excess that could be shared with your community. Do you have lemons from a tree, tomatoes, toilet paper, canned food, or could you make something like bookmarks or cards with positive messages? Leave a basket or bag at your letterbox or somewhere people walk past, and leave a note so people know they can take them.

Brighten up your community! Make a butterfly to put in your window or front garden. You could use origami, paint, crayon, clay, chalk pens, or whatever you have on hand. Your beautiful designs will bring some colour and cheer to your neighbourhood.
