HOW TO MAKE A DOG TOY

Materials

- 1x bouncy ball or tennis ball
- 1 pair of fabric scissors
- 1x old t-shirt (short or long sleeved)

Instructions

1. Cut off the sleeves at the shoulder.
2. Cut up both sides of the t-shirt.
3. Cut off the neck of the shirt so you have one big square/rectangle of fabric. (Put the other piece of t-shirt aside.)
4. Fold the square in half.
5. If the sides are uneven, cut off any excess fabric.
6. Flip the material so the open end is facing you.
7. Fold the fabric into thirds to make a crease and then unfold.
8. Cut along the creases to about $\frac{3}{4}$ of the way up the fabric.
9. Lift the middle flap of fabric and place ball in between the two layers of fabric.
10. Grab the middle flap on the first layer and two outside flaps on the bottom layer and plait together. Make sure to keep the two outside pieces of the plait long. Knot the two longer outside pieces together twice.
11. Repeat Step 10 with the remaining three flaps.

Finished!! Now it's time to share your toy with your pet – have fun!
