

CREATED BY GIRLS, FOR GIRLS

GUIDING, IN YOUR POCKET!

WEEKLY CHALLENGE

Make a native insect hotel at home, and then show your Unit how to make one. You could try it in your next Virtual Unit Meeting. If you have a garden at the Hall where you meet, you could talk to your Leader about making your garden there a welcoming place for bees by putting a native insect hotel (or two!) in the garden, or planting some of the flowers they like in the ground or in pots.

You could also keep track of who visits here and compare it to your native insect hotel at home. Do you have different guests? What could the reason be?
