

BADGE LINK

Explore a Challenge: Science and Technology

You can use any of the [STEM activities from GGTV](#) towards this badge. There are activities from [other topics](#) you could use too. You could even be a presenter on GGTV as a part of this badge!

Create a Challenge: Outer Space

If you really love outer space, you can design your own badge based on astronomy activities! You could run an astronomy game from the [Museums Victoria Scienceworks website](#) or from the [NASA website](#) with your Unit. You could investigate space travel and design your own rocket, or plan all the things you would need to take with you on a trip to the moon or to Mars. There's a whole universe of options!
