

## World Association of Girl Guides and Girl Scouts (WAGGGS) Flags Game

### You will need:

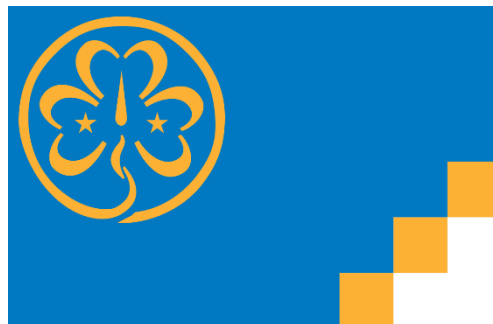

- 1 set of flag cards
- Your Patrol (or just a friend!) to play with

### Instructions to make cards

- Remember the flag of the country needs to be on a different card to the name of the country!
- Country names should be on the left-hand side of each card, and flags on the right-hand side. See below:

- You can hand draw the cards, or you can design them using your computer, or use a combination.
- Use [examples from the Guiding in Your Pocket hub](#) to make your flag cards, or create your own using your favourite flags.
- A list of all the countries in WAGGGS is here: <https://www.waggs.org/en/our-world/>
- You might also like to include the World Flag (with WAGGGS as the country) on your flag cards:

## Instructions for the game

1. Lay out all of the cards, scattered but face up.
2. Choose a card to start with.
3. Take it in turns to find the card that has the country to match the picture of the flag (i.e. if the flag is Australia's flag, then next select the card that has the word "Australia").
4. Continue doing this until all cards are laid out. See below:
