

Hot Chocolate Bombs

Ingredients & Equipment:

- Melted milk chocolate
- Drinking chocolate
- Fillings of your choice (e.g. mini marshmallows, smarties etc.)
- Paint brush
- Metal spoon or frying pan
- Muffin tray
- Cling film/Glad wrap

Instructions:

1. Prepare your muffin tray by lining the holes with cling film.
2. Pour the melted chocolate into the tray, and spread up the edges of the holes,
3. Place in the fridge or freezer to set.
4. Once hardened, carefully remove the chocolate semi-circles from the tray.
5. Fill your semi-circle with drinking chocolate, plus any extra fillings you like!

6. **Ask an adult to help or supervise** to melt the edge of the semi-circle using either a hot frying pan or a hot spoon.
7. Once melted, stick your semi-circle to another semi-circle to make your hot chocolate bomb! You might like to paint along the edge to seal it tight.
8. Keep in the fridge until you're ready to drink some delicious hot chocolate!
9. The chocolate will melt and your bomb will explode when in the warm milk.
