First Aid and Safety

Total score for this page: _____

Please note: Items need to be brought to assessment to be counted towards scores

	★	★★	★★★	★★★★	★★★★★
<p>First aid kit</p> <p>If no first aid kit or contents - score = 0</p>	Limited first aid items provided loose/dirty to assessors	<p>First aid kit is not in a suitable container.</p> <p>First aid kit contents are dirty or damaged.</p> <p>First aid kit is unhygienic.</p> <p>First aid contents are inadequate – not enough and/or may contain paracetamol or lotions.</p>	<p>First aid kit in waterproof OR labelled container.</p> <p>First aid kit contains some of the following items.</p> <ul style="list-style-type: none"> • Notepad & pencil • Gauze pad • Bandaids • Gloves • Salt • Triangular & minimum 2 roller bandages <p>NO: paracetamol or lotions</p>	<p>First aid kit in waterproof & clearly labelled container.</p> <p>First aid kit contains most of the following items.</p> <ul style="list-style-type: none"> • Notepad & pencil • Gauze pad • Bandaids • Gloves • Salt • Triangular & minimum 2 roller bandages <p>NO: paracetamol or lotions</p>	<p>First aid kit in waterproof & clearly labelled container.</p> <p>First aid kit contains:</p> <ul style="list-style-type: none"> • Notepad & pencil • Gauze pad • Bandaids • Gloves • Salt • Triangular & minimum 2 roller bandages <p>NO: paracetamol or lotions</p> <p>Tissues are available</p>
<p>First aid questions</p>	1/5 first aid questions answered correctly.	2/5 first aid questions answered correctly.	3/5 first aid questions answered correctly.	<p>Demonstrated knowledge of how to administer simple first aid by answering 4/5 first aid questions correctly.</p> <p>5/5 correct but not all team members contributing.</p>	Demonstrated knowledge of how to administer simple first aid by answering 5 first aid questions correctly with input from all patrol members.
<p>Personal health & safety gear</p>	<p>Less than half of the patrol members have a mostly full drink bottle.</p> <p>Some members have a raincoat or something to be used as a raincoat</p>	<p>More than half but not all patrol members have a mostly full drink bottle.</p> <p>Most patrol members have at least a raincoat, sun hat and sun screen.</p>	<p>Each member of the patrol has a drink bottle with at least 600ml of water inside.</p> <p>All patrol members have at least a raincoat and sun hat.</p> <p>Most items are brought to assessment on time without reminders from assessor to get them.</p>	<p>Each member of the patrol has a drink bottle with at least 600ml of water or cordial inside.</p> <p>All members of the patrol are prepared for hot/cold weather:</p> <ul style="list-style-type: none"> • broad brim sunhat • beanie • suitable waterproof raincoat (hip length or longer) with a hood or suitable rain hat • spare set of closed toe shoes <p>Most items are brought to assessment on time without reminders from assessor to get them.</p> <p>All patrol members have at least one pair of sturdy shoes (boots or sneakers – not gumboots, slip ons, Vans or volley style)</p>	<p>Each member of the patrol has a drink bottle with at least 600ml of water or cordial inside.</p> <p>All members of the patrol are prepared for hot/cold weather:</p> <ul style="list-style-type: none"> • broad brim sunhat • beanie • suitable waterproof raincoat (hip length or longer) with a hood or suitable rain hat • spare set of closed toe shoes <p>All items are brought to assessment on time with no reminders from assessors.</p> <p>All patrol members have at least one pair of study shoes (boots or sneakers – not gumboots, slip ons, Vans or volley style)</p>

Campsite Layout and Setup

Total score for this page: _____

	★	★★	★★★	★★★★	★★★★★
Layout of Campsite	<p>Unsafe Walkways - Existing hazards (eg. Tree stump) in walkways</p> <p>No practical layout</p> <p>Set-up causes additional hazards (eg. Dilly bag line in obvious walk way)</p>	<p>Unsafe Walkways - Tents are just far enough apart so that girls are likely to walk between tents and guy ropes will cause a hazard.</p> <p>Potential hazards are present</p>	<p>Safe walkways (eg. not impeded by guy ropes)</p> <p>Existing hazards avoided</p> <p>Safe set-up, but minimal practical and logical set-up. (eg. Dilly bag line behind sleeping tent, no clear walk way to water source)</p>	<p>Safe walkways</p> <p>Any existing hazards factored into campsite layout.</p> <p>Some evidence of consideration of location of items within layout.</p>	<p>Safe walkways</p> <p>Any existing hazards factored into campsite layout</p> <p>location – water source, sleeping tent, kitchen tent, grease trap, dilly bag storage, tea towel line, fire, etc</p> <p>Comfort – practical and layout makes sense including consideration of Safety measures such as marked guys or pegs are used (or guys are made with reflective material).</p>
<p>Fire setup</p> <p>Note: for safety reasons please advise committee member at conclusion of assessment if patrol has scored two or less</p>	<p>No fire drum used</p> <p>No cleared area around fire (including above fire)</p> <p>No fire buckets</p> <p>No hessian</p> <p>Evidence of fire already being lit.</p>	<p>Fire drum not lifted off the ground (stand required)</p> <p>Fire not laid or unsafely laid (eg. sticks outside of drum) for dinner</p> <p>Fire buckets present but not set-up</p> <p>Positioning set-up with less than 3m clearance</p> <p>No hessian present</p>	<p>Fire laid for dinner in half drum and covered</p> <p>Ground around fire cleared</p> <p>2 x Fire buckets in appropriate location – but not filled with water and hessian in or near bucket (ie. Looks as though waiting to be filled).</p> <p>Safe positioning of fire adequate distance (at least 3m) from tents and other hazards including overhanging trees.</p>	<p>Fire laid in a recognisable structure in half drum and covered</p> <p>Ground around fire cleared.</p> <p>2 x Fire buckets in appropriate location with hessian on ground not in bucket, but bucket filled with water</p> <p>Safe positioning of fire adequate distance (at least 3m) from tents and others hazards including overhanging trees.</p> <p>Fire laid with appropriately sized wood.</p>	<p>Fire laid carefully ready to be lit easily – sensible design and size of cooking fire, left covered.</p> <p>Ground around fire cleared.</p> <p>2 or more fire buckets filled with water in appropriate location with hessian in the bucket</p> <p>Safe positioning of fire adequate distance (at least 3m) from tents and others hazards including overhanging trees</p> <p>Fire laid with appropriately sized wood</p>

Campsite layout & setup cont.	★	★★	★★★	★★★★	★★★★★
Woodpile	Woodpile is too close to fire drum No woodpile evident	Woodpile uncovered, and not raised Woodpile not easily accessible, but is outside 3m boundary.	Woodpile is raised and covered if appropriate Safe location of woodpile, but not practical (eg. Behind kitchen shelter) Loosely graded woodpile present.	Woodpile is raised and covered if appropriate Safe location of woodpile, but not practical Graded woodpile - Inappropriate amount of wood (too much or not enough to maintain fire for duration of 1 meal)	Woodpile is raised (covered if app.) Woodpile in well thought out location – outside 3m boundary, not in walkway, easily accessible while preparing meal Graded (wood of different thicknesses easily available) and enough wood to maintain fire for meal
Kitchen Shelter/ tent	Unstable kitchen shelter No guy ropes fastened Not pegged out	Not all guy ropes are pegged out Guy ropes pegged out but visibly loose No organisation in kitchen area	Stable shelter Some guy ropes are loose Pegs not in at correct angle Some consideration of layout/organisation of kitchen facilities	Stable shelter correctly pitched Guy ropes are fastened securely Pegs in properly Some consideration of layout/organisation of kitchen facilities Recognisable knots used on guy ropes	Stable shelter correctly pitched Guy ropes are fastened securely at correct angles Pegs in properly Practical layout and organisation of kitchen facilities Round turn & two half hitches used on guys where appropriate Kitchen shelter is pitched and food stored with consideration to afternoon sun direction
Sleeping Tent	No guy ropes fastened Not pegged out Food items can be seen within tent Most gear touching sides of tent	Guy ropes pegged out but visibly loose Lolly wrappers in tent Other rubbish left within tent 1-2 items of gear touching the edge of tents Fly touching tent	All guy ropes are pegged out but some may be loose Pegs not in at correct angle No evidence of food items within tents No gear touching edge of tents Tent is stable and fly not touching tent	Guy ropes are fastened securely Pegs in properly No evidence of food items within tents No gear touching edge of tents Pitched correctly and fly not touching tent Recognisable knots used on guy ropes Tent is stable	Guy ropes are fastened securely at correct angles Pegs in properly No evidence of food items within tents No gear touching edge of tents Pitched correctly and fly not touching tent Round turn & two half hitches used on guys and/or round turn and clip used correctly Tent is stable and looks weather proof Neat & tidy inside

Total score for this page: _____

Campsite layout & setup cont.	★	★★	★★★	★★★★	★★★★★
Bedrolls & gear	Bedrolls not made. Some gear in bags, other gear spread all over tent	Bedrolls attempted, but will fall apart if moved Most gear is in bags - some items or plastic bags are loose	Bedrolls attempted, but not waterproof (not fully sealed) Personal gear is tidy and packed away sensibly (may have some commonly used items neatly placed on top of the bag) Wet gear stored separately in a plastic bag.	Bedrolls are done and appear to be waterproof Personal gear is packed away neatly and stored in a bag (any wet gear is stored separately in a plastic bag). Most knots are recognisable	Bedrolls are done and appear to be waterproof Personal gear is packed away in bags, and organised in a practical manner (not all in a big pile, but each persons with some space to access) Knots are recognisable and appropriate

Assessor's Comments for Campsite Layout and Setup:

Great job on....

Next time work on....

Site Hygiene & Food Storage

Total score for this page: _____

Please notify committee immediately if there is limited ice/too much water in the esky so we can top it up – safety is our priority!

	★	★★	★★★	★★★★	★★★★★
Site tidiness	No obvious storage system Litter/food scraps left on site. Items left in unsafe places Same tub used for hand and dishwashing	Equipment boxes present but not being used. Some litter on site. Tables have random items left on them.	Equipment boxes are being used but items are left out or stored in the wrong box. No litter on site Tables have been wiped but are still unclean.	Equipment is mostly stored in the correct place. No litter on site and site is mostly tidy. Table & equipment are clean	Equipment boxes are sealed and all things are put away in a logical place. No litter and site is tidy Tables & equipment are clean and uncluttered.
Rubbish & Recycling	Rubbish is mixed and in only a plastic bag.	Rubbish bin lid is not secure. No recycling sorted.	Rubbish lid is not secure. Rubbish is sorted Recycling is loose.	Rubbish is secure and sorted. Recycling collected appropriately Bin not in an appropriate place	Rubbish is secure and sorted. Recyclables are being washed and collected Rubbish disposal - bin is away from food storage and is rodent/animal proof.
Grease trap	No grease trap in evidence Food scraps have been left around.	Grease trap present but is not being used. Grease trap does not have a lid. Grease trap is in an inappropriate place	Grease trap has been left uncovered (or lid is inadequate). Appropriate location but no attempt made to describe location	Grease trap is being used appropriately. Appropriate location, but not described adequately for assessor.	Grease-trap is being used appropriately. Location is clearly described on patrol noticeboard. Grease trap is labelled with patrol name
Hand washing	No evidence of hand washing available.	Hand washing provided but not with running water. No soap available. Patrol hand sanitiser available. Hand washing is in an unsuitable location	Hand washing is available, with soap and running water, with no vessel underneath to catch wastewater. Patrol hand sanitiser available.	Hand washing is available, with soap and running water, with vessel underneath to catch wastewater. Hand washing is provided in a suitable location. Patrol hand sanitiser available. No shared hand towels.	Hand washing is available, with soap and running water, with vessel underneath to catch wastewater. Hand washing is provided in a suitable location. Hands-free hand washing is available. Patrol hand sanitiser available in an obvious location. No shared hand towels.
General food storage	No evidence of animal safe food storage system.	Food is stored in open boxes. Food is not animal safe. No clear organisation of food items.	Food boxes are being used and have lids on. Food is being stored separately from non-food.	Food box lids are secure. Food is being stored separately from non-food. Some evidence of organisation in boxes.	Secure food boxes used to keep non refrigerated items waterproof and safe from animals. Food is being stored separately from non-food. Food is sorted in an organised way. Fruit and vegetables are stored appropriately (sealed box, esky or hanging storage).

Total score for this page: _____

Site Hygiene & Food Storage cont.	★	★★	★★★	★★★★	★★★★★
Cold food storage	Insufficient cold storage. Cold food not stored in esky. Minimal ice use or ice mostly melted.	Inadequate ice use. Water in food. Water from melted ice is discoloured. Loose bacon/ other items floating in esky.	Some ice used but more is needed Some water in esky. Food in esky is sealed and/or in containers.	Dairy, meat and refrigerated products are stored in cold box/esky with loose ice only. Minimal water in esky. Food in esky is sealed and/or in containers.	Dairy, meat and refrigerated products are stored in cold box/esky with ice and ice bricks properly set-up. Minimal water in esky. Sufficient ice used to last the whole camp. Food in esky is appropriately sealed and/or in containers.

Assessor's Comments for Site Hygiene and Food Storage:

Next time work on....

Gadgets

Total score for this page: _____

Patrols receive one star for every correct element.

Flagpole	Yes/No
★ Flagpole is in an appropriate location.	
★ Flagpole includes correct knots and the halyards are used correctly.	
★ Flagpole uses guy ropes placed one-third from the bottom of the flagpole.	
★ Flag is appropriate in size	
★ Flag embraces theme	
★ Flag has patrol name displayed	
★ Flag shows creativity and flair	
Total	/7

Noticeboard construction	Yes/No
★ Noticeboard is in a prominent and accessible location.	
★ Noticeboard has appropriately themed decorations.	
★ All items on the noticeboard are securely attached.	
★ Noticeboard show quality gadget construction.	
★ Noticeboard is waterproof.	
Total	/5

Noticeboard contents	Yes/No
★ Noticeboard includes menu.	
★ Noticeboard contents shows elements of the camp theme and/or Patrol name.	
★ Noticeboard includes program.	
★ Noticeboard includes Patrol and Unit name.	
Total	/4

Total score for this page: _____

Simple gadget (not noticeboard or flagpole)	Yes/No
★ Gadget has a purpose.	
★ Gadget does what it is designed to do.	
★ Gadget contains at least two different & correct knots or lashings.	
★ Gadget construction is neat.	
★ Gadget is stable.	
Total	/5

Complex gadget (not noticeboard or flagpole)	Yes/No
★ Gadget has a purpose.	
★ Gadget does what it is designed to do.	
★ Gadget contains at least four different & correct knots or lashings.	
★ Gadget construction is neat.	
★ Gadget is stable.

Food is served with some thought.</p>	<p>Table is set before the meal with a table centrepiece. Inclusive grace or thanks is chosen by patrol and lead by one person. Good hygiene practices being used. Food is served using appropriate utensils.</p>	<p>Table is set before the meal with a table centrepiece which fits the theme. Inclusive grace, moment of gratitude, or thanks that reflects the patrol's beliefs is chosen and everyone actively joins in. Good hygiene practices are being used & all patrol members sanitise hands prior to eating Food is served using appropriate utensils.</p>

Saturday Dinner cont.	★	★★	★★★	★★★★	★★★★★
Main meal	Little attention paid to main meal criteria (as listed in ***) eg. missing more than two elements.	Most main meal criteria is met (as listed in ***) eg. missing one or two elements.	Includes meat, chicken, canned fish or vegetarian option. Potato, rice, pasta or bread. 3 or more cooked vegetables, or 1 cooked vegetable and at least 4 salad vegetables.	All main meal criteria is met (as listed in ***) Some attention is paid to presentation. All condiments etc, are available.	All main meal criteria is met (as listed in ***) Attention is paid to presentation. All condiments etc, are on the table.
Quality and taste of the main meal	Meal is served. Go home hungry. Need Leader QM to back-up.	Meal is edible. Meal is served cold. Small serving sizes.	Meal is edible and tastes good. Meal is served warm. Adequate serving sizes.	Meal looks and tastes good. Meal is served hot. Adequate serving sizes.	Meal and presentation are Masterchef quality. Meal is served hot. Generous serving sizes.
Dessert and drinks	Cold dessert provided. No drinks provided.	Hot cooked dessert. Hot or cold drink options available but not offered to assessor.	Hot cooked dessert with sauce, custard or cream. Hot and cold drink options offered.	Hot cooked dessert with sauce, custard or cream. Some elements made from scratch. Hot and cold drink options offered to assessor without prompting.	Hot cooked dessert with sauce, custard or cream. Many elements made from scratch. Hot and cold drink options offered to assessor without prompting.
Quality and taste of dessert/ drinks	Dessert is served. Go home hungry. Need Leader QM to back-up.	Dessert is edible. Meal is served cold. Small serving sizes.	Dessert is edible and tastes good. Meal is served warm. Adequate serving sizes.	Dessert looks and tastes good. Meal is served hot. Adequate serving sizes.	Dessert and presentation are Masterchef quality. Meal is served hot. Generous serving sizes.

Saturday Dinner cont.	★	★★	★★★	★★★★	★★★★★
Timing and challenge	People did not eat together. Long wait between main meal and dessert. Meal was very easy	Dessert cooked after main course eaten. Meal was easy.	All elements were ready at the appropriate time. Everyone ate together. Meal was achievable.	All elements were ready at the appropriate time. Everyone ate together. Meal was somewhat challenging to cook.	All elements were ready at the appropriate time. Everyone ate together. Meal was reasonably challenging to cook and may have lots of different elements or techniques.
Fire safety For safety reasons, if the requirements in * and ** aren't met, please support the patrol in making their campfire safe. As soon as practical alert a committee member.	Fire is often left unattended. Fire buckets are not filled. Hair is not tied back. Utensils lefts lying on ground.	Fire is occasionally left unattended. Someone is playing with the fire.	Fire safety is used. eg. Hair tied back, fire buckets filled, fire not left unattended. Sometimes pot lids or utensils are left lying on the ground. Potholders used.	Fire safety is used. eg. Hair tied back, fire buckets filled, fire not left unattended. No pot lids or utensils are left lying on the ground. Potholders used.	Fire safety is used. eg. Hair tied back, fire buckets filled, fire not left unattended. No pot lids or utensils are left lying on the ground. Potholders used. Communication and forward planning is evident.
Fire cooking For safety reasons, if the requirements in * and ** aren't met, please support the patrol in making their campfire safe. Then alert a committee member.	Fire didn't light. Items very burnt or completely undercooked/ general inedibility. Refer to Leaders QM.	Fire runs out before meal is properly cooked. Heat not managed, items partially burnt or undercooked.	Fire used to cook all hot elements adequately. Heat is managed. Fire just lasts the distance.	Fire used to cook all hot elements adequately. Sufficient firewood is used to ensure the fire keeps going for the duration of the cooking. Heat managed well.	Fire is used effectively to cook the meal. Fire construction and use of layout is used effectively to manage heat.

Saturday dinner cont.	★	★★	★★★	★★★★	★★★★★
Clean-up	Clean-up done by one person. Most dishes washed. Dishes washed in cold water. Assessor had to go looking for her dillybag. Some things packed away. Not ready for evening activities.	Clean-up done by some people. Dishes washed and dried. Warm water used. Assessor had to go looking for her dillybag. Kitchen shelter left somewhat tidy, most things packed away. Needed support to be packed up in time for evening activities.	Clean-up done, jobs shared. Dishes washed and dried in hot water. Assessor dishes returned. Kitchen shelter left tidy and everything packed away in time for evening activities.	Clean-up done, jobs shared. Dishes washed and dried in clean, hot water. Assessor dishes returned promptly. Kitchen shelter left tidy and everything packed away in time for evening activities.	Clean-up done willingly and quickly, everyone involved. Dishes well scraped or rinsed. All dishes washed in clean, hot water and dried. Assessor dishes returned promptly. Water refreshed through grease-trap if necessary. Kitchen shelter left tidy and everything packed away in time for evening activities.
Teamwork	Patrol obviously not getting along or co-operating with each other.	Patrol attempted to work together. Jobs were not shared fairly amongst the patrol. Some patrol members were not contributing fairly.	Patrol worked well together, before, during and after the meal. Jobs were shared fairly amongst patrol.	Patrol worked well together, before, during and after the meal. Jobs were shared fairly amongst patrol. Patrol members all displayed initiative. Patrol respects each other and the patrol leader demonstrates leadership.	Patrol worked well together, before, during and after the meal. Tasks were negotiated fairly. Patrol members enthusiastically worked to get things done. Patrol members all displayed initiative. Patrol respects each other and the patrol leader demonstrates leadership. Respect was shown to each other and the assessor.

Saturday Dinner cont.	★	★★	★★★	★★★★	★★★★★
Atmosphere	Campsite was uncomfortable. Patrol members are not communicating with each other.	Campsite is somewhat awkward. Patrol members are not communicating with each other.	Campsite has a good vibe and patrol members are interacting well with each other.	Campsite has a good vibe and patrol members are interacting well with each other and the assessor. Dinner conversation is appropriate.	Campsite has a good vibe and patrol members are interacting and communicating well with each other and the assessor. Dinner conversation is natural and everyone is involved.
