General Information

Please ensure you have some dinner before arriving! We will meet at the Sebastopol Guide Hall (Senior Citizens Centre, Vickers Street, Sebastopol, Ballarat) for some activities and to get to know each other. Participants will then be transported to the Laser Tag venue via leader's private vehicles or a bus (depending on final numbers). We will enjoy unlimited laser tag games throughout the night plus arcade games. There will be a chill out zone and midnight snacks available. Participants will be transported back to the Hall at the end of the Laser Tag activities for a light breakfast before heading for home.

Supervision and Security

Youth members will be supervised by designated Leaders who have Police and Working with Children Checks in line with our Child Safety Policy. All third parties providing activities are required to implement their own compliance checks with their staff.

Contact for parents during the event

If parents/guardians require an urgent emergency message to be given to a participant, please call the Leader in Charge Belinda Pritchard on 0474 258 598.

Health and First Aid

There will be a fully qualified First Aider on duty at all times during the event. Girl Guides Victoria relies on the information from a Guide's profile on our database regarding medical and developmental support needs to plan staff ratios at events. Please ensure this information is up-to-date online upon registration for all youth members.

All youth member medications must be handed in at sign-in to the First Aider. Please ensure all medications are listed on the Health Form (which will be emailed to all youth participants prior to the event), and are in original packaging in a snap-lock bag clearly labelled with the Guide's full name and dosage instructions.

Please note that GGV volunteers are not permitted to issue any medication to participants without the consent of their guardian.

Technology – electronic devices and mobile phones

Girl Guide events are great opportunities to spend time with friends, get to know others, and enjoy all the amazing experiences on offer. We strongly encourage participants to think about whether devices are needed for this event and acknowledge that GGV can't take responsibility for their safekeeping.

In light of today's ubiquitous availability of cameras and social media choices, GGV cannot monitor and are not liable for any photos youth members share.
