

Lady Stradbroke Cup 2022 – Tips for Leaders!

- State Lady Stradbroke Cup is a competition camp, but it's also about fun and trying new skills. We don't get too caught up in the competition aspect – it's a framework for the Girl Guides to camp autonomously, make their own decisions, and have a great time in a supportive environment.
- Assessment is all about trying to find points, not take them away! All feedback should be constructive and encouraging.
- Make sure you help prepare any Girl Guides attending from your Unit! Practise using the equipment they'll have at camp, putting up your tent, and cooking the meals they'll make. That way it will all be easier and less stressful for them when on camp.
- Each Patrol needs to have an adult attending for the whole duration of camp. This can be a Unit Leader (from your unit or elsewhere in your district or region – see who's available!), a Unit Helper or other adult in Guiding.
- There is no charge for Leaders, and all of your meals will be provided, including dinner on Friday night. We will meet any dietary needs you have. You may be dining with a Patrol for an assessment meal, but you'll get full instructions beforehand.
- On Sunday, we need all adult Volunteers to stay until 3pm to help with packing up the campsite.
- Make sure that you and the Patrol (especially the Patrol Leader) read through the camp information, as there have been changes from previous years.
